

COMPUTER INFORMATION SYSTEMS

A STEDY Certificate Program

PROGRAM DESCRIPTION

Computer and information systems managers, often called information technology (IT) managers or IT project managers, plan, coordinate, and direct computer-related activities in an organization. They help determine the information technology goals of an organization and are responsible for implementing computer systems to meet those goals.

JOB OUTLOOK

Employment outlook for Computer Information Systems employees is growing at a faster than average rate of 15 percent from 2014-2024. Demand for computer and information systems employees will increase as firms continue to expand their use of wireless and mobile networks.
